

2018 EARTH DAY RAIN BARREL PAINTING CONTEST

Recycle Rain Water and Prevent Stormwater Pollution

Rain water is a resource that benefits **ALL OF US**. The Erie County Department of Environment & Planning (ECDEP) is proud to invite all schools or youth groups in Erie and Niagara counties to participate in a rain barrel painting contest with a theme focusing on stormwater pollution prevention or recycling rainwater. **Only a limited number of rain barrels are available, so register today!**

What is a rain barrel?

A rain barrel collects and stores rain water from your roof that would otherwise flow across lawns, driveways, roads and parking lots – picking up dirt, oil, fertilizers, and other chemicals along the way before emptying into storm drains or streams. The contest rain barrels are converted from 35-gallon syrup concentrate drums donated by the *Coca-Cola Bottling Company of Buffalo, Inc.*

Why use a rain barrel?

Contaminated stormwater runoff is the #1 cause of pollution in our waterways. Rain barrels help reduce the volume of runoff, and therefore its potential to convey pollutants. Register your students today and help them learn more about how to protect water quality in our rivers, streams and lakes.

Everyone is a Winner!

Our Proud Sponsors

Coca-Cola Bottling Company of Buffalo, Inc.

Erie County Department of Environment & Planning
Western New York Stormwater Coalition
Glidden and Home Depot
Erie County Water Quality Committee

- Three winning rain barrel designs will receive prizes
- Each school/group will retain their rain barrel and help conserve water.
- Rain barrels may also be used for school fundraising or donated to a community group for public education.

CONTEST GUIDELINES

Design:

Paint your rain barrel focusing on a theme of stormwater pollution prevention and/or recycling rainwater

- Painted rain barrels will be judged according to how well the design fits the theme, creativity, and neatness.
- **You will need to submit photographs of the front and back of your finished rain barrel for judging.**

Materials:

You will be provided with a 35-gallon syrup barrel from the *Coca-Cola Bottling Company of Buffalo, Inc.* that you will convert into a rain barrel, and one can of paint primer.

- You will need to provide brushes, various colors of acrylic paints for your design, and a clear topcoat.
- You will also be responsible for installing, maintaining, and winterizing the rain barrel. Detailed instructions will be provided.
- **Barrels must have a clear topcoat applied to be eligible for prizes. The topcoat will prevent the paint from chipping and fading.**

Deadline: PHOTO SUBMISSION DEADLINE IS March 31, 2018 (A photo release form is required if any students are in the photos)

Note: Winners will have their painted rain barrel on display during April, 2018 at an Earth Day Event. All participating students and teachers are invited to attend. Event details will follow registration.
